

# Dal 1952 soluzioni affidabili

*RELIABLE SOLUTIONS SINCE 1952*

 RAMOS S.r.l. was founded in 1999 from the 20+ years' experience of the company Moscati snc dealing with electric, electronic and electromechanical components and their distribution. The company manages a wide and selected range of products from leading suppliers, including obsolete parts or parts with longer delivery time.

Please check [www.amos.it](http://www.amos.it) for the list of parts in stock, available for immediate delivery. Since more than 20 years, RAMOS S.r.l. is an agent for the provision of parts in the Electromechanic market, mainly coil winding.

## Our main offer includes:

- Insulating Paper
- Insulating Tape
- Processed substance for winding
- Electromechanical parts
- Plates, Tubes, Bars made of Bakelite and Fibreglass

Via Camillo De Nardis, 49 C.A.P. 80127 - Napoli (NA) – Italy
